

Revised COVID Guidelines for GSLA Field Trips, updated July 2021

As of July 1st, 2021, we have revised our COVID precautions. Here are the current precautions that GSLA is taking:

- Masks are optional for those who are fully vaccinated.
- Masks are mandatory for those who are not fully vaccinated (on the honor system).
- Trip leaders reserve the right to ask participants to wear a mask, so please bring one with you to all our field trips.
- Guidelines for kids and families may differ depending on the event (e.g. the GSLA Fledgling Club). Check with the event coordinator to obtain the latest guidelines for those events.

Do not join the field trip if you are experiencing the following symptoms:

- Coughing
- Shortness of breath
- Sore throat
- Muscle aches
- Sudden change/loss of taste or smell
- Fever or chills

If you have any questions about these guidelines, feel free to contact the leader of the field trip or GSLA Field Trip Coordinator Ian Batterman (text 920-360-0805, imbatterman@gmail.com).

Happy Birding!!!
